☐ Continuation Sheet Attached

Brief Description of Arguments to be Presented:

Applicant will discuss claimed features and function not found in Powers. Applicant claims system that augments the email delivery process; Powers teaches only conventional email delivery systems. The claimed invention does not format messages; formatting is central to Powers. Powers does not disclose the claimed Sender and Recipient software at the Sender and Recipient terminals. There is no Sender computer or Recipient computer in the Power Fig. 1 system architecture. Powers does not disclose postal server software at a central server that augments all email traffic in the system. Applicant will also briefly discuss and distinguish the WO reference listed above newly cited in the corresponding European application.

An interview was conducted on the above-identified application on _____

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP §713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
